XI Conference – European Congress of Methodology

Friday 25 July 2025

Session 5 : "Bayesian methods in Psychology and Statistics" - Faculty of Social Sciences and Communication. (The Pyramid)/11 - Room (08:30 - 10:00)

time	[id] title	presenter
08:30	[112] Where Psychometrics Meets Experimental Psychology: Bayesian Hierarchical Factor Models for Response Times	REY SÁEZ, Ricardo
08:45	[135] Exploratory Bayesian Nonparametric Methods in Psychological Sciences	MIGNEMI, Giuseppe
09:00	[12] Estimating Context Effects in Small Samples while Controlling for Covariates: An Optimally Regularized Bayesian Estimator for Multilevel Latent Variable Models	Dr DASHUK, Valerii Prof. HECHT, Martin Prof. LÜDTKE, Oliver Dr ROBITZSCH, Alexander Prof. ZITZMANN, Steffen
09:15	[218] Extending Bayesian Regularization Methods to Multiple-Group Mediation Analysis	SOMER, Emma
09:30	[128] What Do We Not Know About Small Sample Performance of AR(1) Models?	DOU, Zhiwei Dr ARIENS, Sigert LAFIT, Ginette Prof. CEULEMANS, Eva
09:45	[180] Multiple imputation of incomplete non-linear terms, when sample size is extremely small	KLEINKE, Kristian
